Orange dashed line	Permit Holder Vehicles
Green dashed line	Rental Cars
Blue dashed line	Public Vehicles
Red dashed line	Pedestrians

Please watch for changed conditions at Cairns Airport as the \$200M Domestic Terminal Redevelopment proceeds. There are signs in place to direct you to key points.

To access the Public Car Park and Public Pick-Up/Drop Off areas continue straight through the new Airport Avenue roundabout and take the first turn left.

There is a Public Drop-Off area at the southern (city) end of the terminal for Qantas, QantasLink and Skytrans check-in.

There is a Public Drop-Off area at the centre of the terminal for Jetstar, Virgin Blue, Regional Pacific and Vincent Aviation check-in.

There is a Public Pick-up area at the centre of the terminal for all arrivals.

These are all no waiting zones – pick-up passengers must be at the kerb ready to get in the vehicle immediately. Both areas have a bay for people with a disability if required parking is available in the Public Car Park.

Passengers arrive either into Gates 18 - 22 located inside the Departures Lounge or Gate 1 adjacent to the temporary Baggage Claim Building. Check the Flight Information Display Screens for arrival gate number.
